MCHD DENTISTRY DENTAL HYGIENIST SELECTED TO BE AN AMBASSADOR TO THE 2016 GIVE KIDS A SMILE® COMMUNITY LEADERSHIP DEVELOPMENT INSTITUTE CONFERENCE
MORGANTOWN, WV – OCTOBER 20, 2016

Tiffany Summerlin, RDH was selected by the American Dental Association to attend the 2016 Give Kids A Smile (GKAS) Community Leadership Development Institute at the end of this month in St. Louis, MO. Nominees for the Institute came from all 50 states, and Tiffany is proud to be among only 12 Ambassadors that will be attending.

GKAS is an American Dental Association (ADA) Program that encourages dentists to provide uninsured children with their dental care. MCHD Dentistry is an annual participant in the program, which occurs the first Friday in February. Dr. Dan Carrier, Director of MCHD Dentistry said that, “Tiffany has been very involved with our program here, and has been interested in learning more about how MCHD Dentistry can influence change in our community. Her involvement with the Community Leadership Development Institute should be a real benefit for Monongalia County and the health department.”

For more information about MCHD Dentistry visit the MCHD website at www.monchd.org.
